Product Description

G SOD STAPLE

Sod staple is used to hold sod, landscape fabrics, plastic barriers and ground cloth. Sod stakes are perfect for installing ground cover - Row Cover - Frost Protection by securing the fabric to the ground. The stakes anchor the ground cover in place, so the wind does not blow it away. The two-leg design allows for easier installation, and the 1inch bend creates a flat surface for driving the stakes into the ground. These are also perfect for installing any kind of pet fence or securing wire to the ground
